

REVIVE SPA AT MAHEKAL BEACH RESORT AT-A-GLANCE

Set amongst lush tropical gardens and natural cenotes, Mahekal Beach Resort's intimate and organic Mayan-inspired Revive Spa offers a one-of-a-kind cultural journey in the serenity of a comforting boutique spa experience. Enticing guests with customized treatments to sooth and balance one's mind, body and spirit, the spa offers a menu of services inspired by the native culture and features Kinich products, a complete line of 100% organically intelligent, local home-grown products.

Built with inspiration from its rich, natural setting, Revive Spa is laid out in a round configuration imitating the philosophy of the Mayans. The spa itself encompasses 2,500 sq. ft. of utter bliss, where upon entering, spa-goers are instantly transformed into a state of relaxation with authentic ambiance, organic décor, the sound of soothing waters and incredible service. Bohemian gypsy designs infused with colorful Mexican accents, antique wood furniture, subtle lighting, louvered windows and a palapa-style roof featuring a fiber optic ceiling, reminiscent of glowing stars, and the free-flowing feel throughout complete the well-appointed, yet indigenous style.

Palapa-style treatment rooms intermingle amid lavish gardens and water features forming the new boutique spa. The two-indoor relaxation rooms welcome guests with freshly squeezed juice or champagne, aromatic scents and soothing music. The spa is also equipped with two intricately designed indoor rooms for massage treatments and men and women's locker rooms. Additionally, there is a separate and completely private VIP therapy room, perfect for couples or private groups seeking un-plugged privacy and intimacy in an authentic, carefree atmosphere. This VIP therapy room boasts a dedicated bath area, an indoor and outdoor shower, a freestanding bathtub and private access to the artfully manicured Zen Garden.

Additional facilities include a full-service salon offering beauty services such as manicures, pedicures, waxing, makeup application, hair treatment/styling and more. For active guests, the resort offers complimentary access to the spa's accompanying, full-service health club featuring all new aerobic and strength training equipment, as well as a variety of programs and classes, such as peaceful yoga classes in the Palm Gardens. From recumbent and upright bikes to elliptical and cross trainers, guests work up a sweat, while enjoying an eye-catching view overlooking naturally landscaped greens. For lovers seeking

an exceptionally romantic experience, Revive Spa also features an “off-the-beaten-path” couples cabin nestled in a rich tropical forest ambiance for intimate couples’ treatments.

Revive Spa offers an assortment of treatments including the signature Revive 5 Senses, where the therapist taps into all five of the guest’s senses - from a special treatment using various techniques of massage to give the skin a healthier and more radiant appearance (*Sense of Touch*), to the use of Aromatherapy to enhance psychological and physical well-being (*Sense of Smell*) - while tailoring the experience to the individual. Additionally, Revive Spa provides a delectable variety of massage treatments, facial and skin care essentials, body treatments and more, including the Sweet Happiness Treatment - incorporating the use of Mexican cocoa that is used as a re-mineralizing, antioxidant and antidepressant with a delicious natural chocolate aroma - as well as Massage Angels Veil with Crystal Quartz treatment, Coconut Caribe Treatment, Tierra Maya Massage Treatment and Hands and Feet Recovery Treatment.

From traditional and tropical remedies, to the natural and luxurious spa treatments utilizing locally sourced organic ingredients, Revive Spa channels the Mayan culture and the wholesome ambiance throughout, giving guests a truly restorative spa experience while enjoying the serenity of nature in a Zen-like setting.
