

# Catamarán Samba - Isla Mujeres

mahekal

If you want to enjoy a spectacular sailing day, Samba is your best option. We will sail on Caribbean waters towards Isla Mujeres, dedicated to "Ixchel" (Goddess of love and fertility), Isla Mujeres keeps a story full of mysticism and adventure. Our staff will make your trip an unforgettable experience; the tour has it all...open bar (all you want or can drink) all day and buffet lunch on the island.

Also you will have the opportunity to snorkel in one part of the second largest reef on the world, meet the local people, and buy their handicrafts or souvenirs, then we have an encounter with a real nurse shark in a pond where the locals take care and rehabilitate these peaceful animals and if at the end the weather allows us, we'll be closing with the ride of the spinnaker.
