# Fat Cat – Puerto Aventuras

The tour begins at 10am with a short safety briefing as we head out of the marina into the crystal clear waters of the Caribbean. The crew serves drinks and fresh tropical fruit platters as catamaran heads North towards Bahia Inha where it passes behind the reef or South to Xpu Ha (depending on wind conditions to maximize sailing). Once anchored, you can enjoy excellent snorkeling in these safe, shallow and protected waters.

After snorkeling and swimming you can climb back on board and enjoy a light picnic “boxed” lunch. As the boat heads South towards Puerto Aventuras there is the opportunity for the “brave and adventurous” to jump on the famous “Boom Net”. There is time for one last swim stop near the entrance to the South Marina of Puerto Aventuras where the cold waters from the cenotes jet up through the ocean floor.

The boat returns to Puerto Aventuras at around 2.00pm. You will get the chance to pick up your “Crew” tee shirts and souvenir photographs at our store before boarding your vans to take you back to your hotel.

**Recommendations and notes:** Swimming suit and towel; Extra T-shirt; [Biodegradable](#) suntan lotion; Camera; Extra cash (tips, pictures and
