# Sunset Dinner Cruise

Join the friendly crew of the Columbus, a replica Spanish galleon, for an entertaining dinner cruise to mysterious Nichupte Lagoon. You will not find a more romantic setting to enjoy your freshly prepared meal than on the decks of Columbus as you cruise from the docks of Cancun along the pristine beaches in the western Caribbean to the splendid remote cove. You and your significant other will enjoy sipping a glass of wine, mug of beer, or tropical cocktail from our open bar while watching the descending sun paint the western sky a fantastic spectrum of warm colors, including pink, violet, orange, crimson, and gold. You will not enjoy a better view of the gorgeous local coastline than from the polished wood decks of the Columbus.

Our accommodating staff is friendly and pleased to serve you freshly prepared meals on the deck of the Columbus. You'll have your choice of three entrees, including a lobster dinner, a surf-n-turf meal, or tasty vegetarian dish. All of the dishes are served with a baked potato, a vegetable medley, and dessert. The lobster dinner features a locally caught Caribbean lobster grilled on deck by our expert chefs. The surf-n-turf option features a smaller portion of lobster with a grilled steak cooked to your specifications. If you would prefer a vegetarian meal, we offer a mouth-watering medley of fresh veggies sautéed to perfection right before your eyes on deck. While enjoying superlative service of intoxicating cocktails and scrumptious cuisine on the deck of the Columbus, you will truly feel as though you have escaped the troubles of your typical workweek to spend some quality time with your significant other.
